

## MEDIA RELEASE

### MailRevive Direct to Australian Solution Providers

25 October, 2007 - (Melbourne, AUSTRALIA)

Melbourne based application service provider, Synetek Systems, announced today that it has entered into a formal partnership with TechPlus Distribution to deliver its MailRevive™ active email archiving services to the Australian reseller market.

“This partnership with TechPlus will form a key component of the expansion of MailRevive™ as a retail brand in Australia,” said Synetek Co-founder & Director, Lee Trevena.

“Attracting Australian resellers to the benefits of managed services for them and their clients will be a major focus, with the global shift towards SaaS applications providing new business and revenue models for channel partners,” noted Synetek Co-founder & Director, Jason Polites.

TechPlus Managing Director Paul Kern said, “After seeing an increase in demand for dedicated email archiving solutions TechPlus identified MailRevive™ to be the best business solution. By incorporating archiving, continuity, managed storage, e-Discovery and email security MailRevive™ is a complete solution.”

Lee Trevena also highlighted, “The new Australian Federal Court e-Discovery Rules to be released in late 2007 will make it necessary for all companies to ensure they securely retain electronic records and can recover them within mandated timeframes. MailRevive™ provides fully managed secure storage and the ability to instantly find and recover any email from the live archive.”

**MailRevive™** is a managed application service that operates in conjunction with a business' IT network to ensure the protection, preservation and continuous operation and availability of email communications. [www.mailrevive.com](http://www.mailrevive.com)
