G.D.B. International website changes

The [New Consumer Products List](#) has now been added to our website. New products are listed by date and year order. In the coming week, we will extend the list from three to twelve months.

The [Discontinued Consumer Products List](#) has also been added to this same page (scroll down). Although a product may have been 'discontinued' we may still have stock remaining - so please don't hesitate to contact us about products on this list. It simply means that we can't purchase new stocks of this product at this time.

Mail out list

Spam

We hate spam as much as you do. If you no longer wish to receive our quarterly email, please reply to this email and let us know that you want to be removed from our list.

Further information?

If you would like further information on our product range, please ring us or reply to this email and let us know.

Best wishes,

Gene.
